SUBJECT: 8EHQ-0602-14971 Supplement

Dear TSCA 8(e) Submitter:

As part of EPA's responsibility to evaluate and publicize TSCA 8(e) submissions, the Office of Pollution Prevention and Toxics conducts preliminary screens of all 8(e)s and routinely requests additional information from submitters to complete this preliminary screen. Please provide clarification on the route of administration in the 4-week toxicity study in rats summarized in your submission. Inhalation is stated in the title, but oral gavage in the accompanying description.

Enclosed is the first page of your submission and a copy of "Support Information for Confidentiality Claims". Please cite the assigned 8EHQ number and address your response to:
